THE GAZETTE JOB OFFICE

Old Phone No. 18. 105 1/2 South Main. New Phone No. 362.

DR. J. W. MAGUIRE. SPECIALIST

Diseases of Eye, Ear, and Throat.

Diseases Scientifically Adjusted. Office in Masonic Temple, Hutchinson, Kansas.

LOCAL INCIDENTS.

Bring your job work to this office.
Amos Hess has opened a tea store in Salina.

William Gregg of Pekin was in the city on business Tuesday.

J. B. Brooks of Medford township was in the city on business, Monday.

Archdeacon Albert Watkins, of Ellsworth, held services at Grace Episcopal church Sunday.

Charles Youngblood of the Hub clothing store returned from a trip east, Tuesday morning.

J. M. Stratton of Valley township has announced his candidacy for sheriff on the republican ticket.

Mrs. Lillie Dawson of Troy township was operated on at Stewart's hospital, Monday, for a trouble with her knee.

Mrs. Minnie Cecil of school district No. 59 in Loda township, has resigned, her resignation to take effect next Friday.

Rev. D. Y. Donaldson of the Christian church went to Nickerson, to hold a series of meetings which are now being conducted.

Mrs. Sarah Cronk and son Ned, returned from Oklahoma city, Tuesday evening. They are the guests of Captain and Mrs. O. S. Coffin.

Frank Field looks even more like a senator since he has retired from business and become a gentleman of leisure, than when he was senator.

Wonder if the Quo Vadis company that is booked for here soon is as good (?) as the one Manager Lee had at the old opera house, a couple of years ago.

The Santa Fe through its attorneys filed a motion for a new trial in the Hamlin case for damages and it was overruled. Exceptions have been allowed and the case will go to the supreme court.

Mac Ross, a former well known populist of Roscoe township, who has been in some other part of the state for three or four years, has returned to this county and purchased a farm near Kent.

John Kinkaid and wife have been here from Norman, Oklahoma, during the past week, with the family of Fay Smith. John has a book store and news stand at that place and is doing very well.

Superintendent Winans of the city schools, went to Newton, Friday night, to act as a judge in a high school oratorical contest. Mr. Winans seems to be considerably in demand for such events.

It is now given out that the News has ordered a couple of new linotypes. This has been expected for some time, and it was hard to understand why it should have been delayed so long. The News has a field for a good paper.

The Nickerson Argosy, in speaking of Governor Stanley's lecture at that place recently says: "It was masterly, and covered a period of many years." Glad not to have been there. That is worse than any leather lunged pop ever heard of.

Billy Lewis has announced his candidacy for the nomination of sheriff subject to the republican convention. Billy would make a good sheriff, for he has made a very good republican

deputy sheriff, and a few years ago was a very good populist deputy clerk of the court.

A man by the name of Charles Cooker who has been working for the Wheeln Plumbing company, was arrested at Newton, the latter part of the week, on complaint of his former employers, charging him with stealing a kit of tools. When he quit work it is claimed he took his tools with him.

Besides the revival services at the Baptist church, meetings are also being conducted at the Evangelical church on Tenth Street West. The meetings have been in progress for about two weeks and about forty conversions are reported. They are conducted by the regular pastor, Rev. Mannhardt.

Mrs. Anna White, a lady of forty years of age, died at her home at 528 Avenue C, East, Friday. She leaves a family of seven children and a husband. Only one or two of the children are small however. The disease was catarrhal fever. The funeral was conducted by Rev. Dadisman of the Hadley chapel.

Mr. W. N. Payne of Partridge, one of the old settlers and prominent citizens of that township, has sold out and will leave in a few days for California where he expects to make his home in the future. He has two daughters there who were formerly prominent in educational circles here.

Quite a large number of the Odd Fellows and Rebekas of this city, gave a surprise "function", (it is not good form to say "party") to Mrs. D. W. Kent, wife of the former secretary of their state organization, one night last week. They took baskets of good things, and enjoyed themselves according to all the pleasures of Odd Fellowship.

The cattle dealers report a very dull business in their line now-a-days. Feed is getting scarce and is so high that no one seems to be in shape to care to buy. No losses of stock for the winter of any consequence are reported so far, but the worst of the winter, for stock, is yet to come, that is during the next forty to sixty days.

Ben Nussbaum of the Star clothiers returned Monday night, from an extended trip through the East and South. He visited Chicago, New York, and came around by Memphis. While in Chicago he purchased the entire stock of a clothing firm that was going out of business and expects to place them on sale in the big store here about the first of March.

About two weeks ago a soldier boy who had enlisted in the regular army at his home in North Carolina, and was on his way to Manila, was taken from the train here, sick with pneumonia. He was taken to Legg's rooming house and given good care, notwithstanding all that, he died Saturday. The remains were sent east for interment.

Whitehurst's store at Sylvia was broken into last Thursday night and considerable clothing consisting largely of pants was taken. Mr. Whitehurst has offered a reward for the parties, and described the goods taken as being made by the Topeka Woolen Mills and the Mayfield Woolen Mills. Sylvia stores seem to have to suffer more than their fair share of losses by burglary.

John Lowe of Arlington was one of the lucky ones in the El Reno drawing and got a claim. He went down there not long ago and sold it. But a petition filed in the office of the clerk of the district court says the claim was not as represented in some way or other and the buyer wanted his money back. The parties got together Tuesday and settled their difference.

At the meeting of the county central committee of the republicans last week, Mathew Smith was elected secretary. Mr. Smith is the young man

who was nominated on the citizens ticket last spring for treasurer of the school board and withdrew to accept the nomination from "de gang." Then he was defeated. But such sacrifices merit promotion, and now he is on the slate for something sometime.

Revival services are now in progress at the Baptist church, conducted by Dr. Arthur Crane, of South Carolina. Dr. Crane is an Englishman by birth, but has been in this country for many years. He is a very able speaker and has aroused a great interest and he is securing many professions of religion. The meetings have been in progress since Tuesday night of last week. Sunday afternoon he gave a free lecture to men at the Shaw Theater.

There are two vacancies in the city council to be filled at the coming election. One is that of L. D. Pollock who was formerly with the Hutchinson & Southern, and has now taken a position as superintendent of telegraphs with a rail road company in Texas, and the other is A. E. Asher who purchased Willis Baker residence property and moved out of the ward. Both were elected on the citizens ticket.

George Hern has been here for a few days from the new country. One of his houses on Second West burned down a week or two ago, and he was settling up with the insurance companies. He has sold his farm in Rice county, and with his boys has control of five quarters of land south of Lawton. Three quarters are school land and the other two are homesteads. They are stocking up with cattle and expect to establish a cattle ranch. He says it is the making of a very good country there but it is not the equal of Kansas and never will be.

In the unfortunate condition of affairs relating to the prospect of the city owning the water and light plant controlled by a soulless corporation managed by diminutive souls with the "city be damned" notion of things, we have the satisfaction of knowing that the assessor and board of equalization will have something tangible and authoritative to govern them. If first class, expert authority, all the way from Chicago, can fix the value of the plant at \$267,000 the assessing authorities will not dare to value the plant at less than \$225,000 for taxation, or be subject to suspicion.

The "Cherry Sisters," was the chief attraction at Shaw theater last week. Just what Manager Lee wanted to book this aggregation for he probably alone knows. They started out in Iowa and soon made a reputation for being so bad that every body considered himself licensed to heave something considerably heavier than a sigh at them, and the misses usually took the form of eggs that are over ripe. At places where netting was stretched across the stage to protect the fair ones from real damage. But they seem to have been considered good enough for Hutchinson. There have been some good shows this season and probably will be some more.

Taking Depositions.

Depositions have been taken during the past few days in the Little River bond case before Ewing Stamm. Carr Taylor is representing the county in the case, and James McKinstry, Little River township.

The case is one of original mandamus in the supreme court, brought by the township to require the county to show cause why the bonds should not be surrendered in exchange for the money they offer.

The undersigned would like to exchange his home place on Tenth Street East for other property in a distant suburban part of the city, or sell the home property for cash.
O. S. Coffin and Wife.

Hutchinson Market.

Sore Throat!

Don't delay; serious bronchial trouble or diphtheria may develop. The only safe way is to apply

Painkiller

a remedy you can depend upon. Wrap the throat with a cloth wet in it before retiring, and it will be well in the morning.

There is only one Painkiller,
"PERRY DAVIS."

The diver dies without air to breathe. The consumptive dies without lungs to breathe the air, or of lungs rendered incapable of breathing by disease. The blood as it flows in and out of the lungs indicates the consumptive's progress. As the lungs grow weaker less oxygen is inhaled and the blood changes from scarlet to purple. Oxygen is the life of the blood as the blood is the life of the body.

The effect of Dr. Pierce's Golden Medical Discovery upon weak lungs is to strengthen them, to enable the full oxygenation of the blood, arrest the progress of disease, and heal the inflamed tissues. Lung diseases have been and are being cured by "Golden Medical Discovery," in cases where deep-seated cough, frequent hemorrhage, emaciation, weakness, and night-sweats have all pointed to a fatal termination by consumption.

"Some years ago I was almost a helpless victim of that dread disease—consumption," writes Mr. Chas. Fross, P. M., of Silka, White Co., Ind. "I was confined to my room for several months; my friends and neighbors had given up all hope of my recovery, until one day a friend advised me to take Dr. Pierce's Golden Medical Discovery, and after I had taken the contents of the second bottle I began to improve. After taking six bottles I was, I honestly believe, delivered from the grave and entirely cured. I am now a strong and hearty man."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

Eureka Harness Oil

not only makes the harness and the horse look better, but makes the leather soft and pliable, puts it in condition to last—twice as long as it ordinarily would.

Sold everywhere in case-all sizes. Made by STANDARD OIL CO.

Subscribe for the Gazette, the best paper in the county.
